RIFLES

Kūlanihākoʻi High School opened its doors while Maui was in crisis.

Some of its students arrived after being displaced from the other side of the island by the fires.

Its air riflery team started from essentially nothing.

No legacy equipment.

No established funding.

No matching uniforms.

And no shortage of kids who want to compete.

**THE SOPHOMORES ARE
THE VETERANS.**

THEY CAN SHOOT.

COMPETITION
(SENIOR, ANOTHER SCHOOL)

Our shooter is a sophomore. Around here, that makes them a veteran.

The Mantas are only in their second year, competing against juniors and seniors from established programs — and they're already closing the distance.

**WE KNOW WHAT THEY'RE DOING
WITH FIVE RIFLES.**

WE WANT TO FIND OUT WHAT THEY CAN DO

WHY PARTNER WITH US?

You get it.
Precision matters.
Discipline matters.
Investing in young people
creates real opportunities.

We're a high school air rifle team
made up of dedicated, hardworking
students who are committed to
excellence — in the classroom,
on the range, and in our community.

With the right support, we can provide
more equipment, expand opportunities,
and help our athletes reach their full
potential.

We think you might see something
special in these students, too.

**SAME VALUES.
DIFFERENT ARENA.
REAL IMPACT.**

A BRIGHTER
TOMORROW

COME IN EARLY.

Kūlanihāko'i Air Riflery is looking for its first major national partner.

What that looks like is something we'd like to build together.

Help outfit 15 kids who don't have a uniform.

Help a five-rifle program put equipment in more hands.

Help get the Mantas from Maui to States — and, if they earn it, beyond.

Help us open the door for the six kids we couldn't accommodate this year.

Or come up with something bigger with us.

We're just getting started.

MANTAS MOVE DIFFERENTLY. COME MOVE WITH US.
